

ACCESSORIES

CLAMP 208

Light-duty hose clamp for hoses with smooth outer wall, quick to fit, reusable

CLAMP 208 is a light-duty hose clamp developed for hoses with smooth outer wall. Body material is galvanised steel and the screw similarly - a combination that provides basic corrosion resistance for indoor installations and light industrial environments. 26 dimensions with clamping range from 8 mm to 240 mm broadly cover the PROTAPE, AIRBRAKE and SUPERFLEX series. Typically used in ventilation, pneumatic and light dust-conveying installations where a heavy-duty clamp is not required.

Technical specifications

Material	Body: galvanised steel. Screw: galvanised steel
Wall construction	Light-duty clamp with galvanised body and screw
Cut to length	No
Manufacturer SKU	2080000

Standards and compliance

REACH, RoHS

Dimensions and ordering

The hose is supplied in 26 standard sizes from inner Ø 8.0 mm to 240.0 mm. Each size has its own article number. Standard roll length is typically 10 m, and the hose can be cut to length.

Inner Ø [mm]	Outer Ø [mm]	Weight [kg/m]	Article no.
8	12	0	20800080000
