CONNECT 203-204

Cylindrical stainless adapters for metal hoses - 203 and 204 in same dimension range

CONNECT 203-204 is a stainless steel adapter for metal hoses in the 375, 376 and 377 series. The construction is offered in two variants: 203 has a cylindrical adapter with one-sided expansion for hose insertion; 204 has the same cylindrical base construction but with a slot that allows crimping or attachment via clamp. 13 dimensions with ID range from 40 mm to 300 mm cover the full metal hose catalogue's main range. Typically used in fixed-installation applications where permanent attachment of the metal hose to process facilities, ventilation or high-temperature transport is prioritised over quick disassembly.

Technical specifications

Material	Stainless steel (Stainless Steel INOX)
Wall construction	Cylindrical adapter with one-sided expansion - 203 (cylindrical) or 204 (slotted)
Cut to length	No
Manufacturer SKU	2031100

Standards and compliance

REACH, RoHS

Dimensions and ordering

The hose is supplied in 13 standard sizes from inner Ø 40.0 mm to 300.0 mm. Each size has its own article number. Standard roll length is typically 10 m, and the hose can be cut to length.

Inner Ø [mm]	Weight [kg/m]	Article no.
40	0.09	20300401100
50	0.13	20300501100
60	0.16	20300601100
70	0.18	20300701100
80	0.21	20300801100
100	0.25	20301001100
120	0.36	20301201100
125	0.38	20301251100
150	0.45	20301501100
180	0.55	20301801100
200	1.33	20302001100
250	1.97	20302501100
300	1.6	20303001100

The table shows the product's standard dimensions. Weight column is per piece.
