

ACCESSORIES

Kamlok variant (SKU 5513)

Kamlok variant SKU 5513 - cam-and-groove coupling, stainless or aluminium

Specific Kamlok variant SKU 5513. Kamlok is a widespread cam-and-groove coupling system broadly used in chemical industry, oil/gas, food industry and military where fast coupling/uncoupling is critical. The construction has two identical halves with manual levers interlocking via a quarter turn. Each SKU variant represents a specific combination of size (1/2 to 6 inches), part type (A/B/C/D/DC/E/F) and material (stainless, aluminium, polypropylene). Cross-check factsheet for precise configuration.

Technical specifications

| | |
|--------------------------|---|
| Material | Stainless steel, aluminium or polypropylene |
| Wall construction | Kamlok variant SKU 5513 |
| Cut to length | No |
| Manufacturer SKU | 5513 |

Standards and compliance

REACH, RoHS

Dimensions and ordering

The hose is supplied in 1 standard sizes from inner Ø None mm to None mm. Each size has its own article number. Standard roll length is typically 10 m, and the hose can be cut to length.

| Weight [kg/m] | Article no. |
|------------------|-------------|
| 0.25 | 5513000000 |

The table shows the product's standard dimensions. Weight column is per piece.

Other Particulair microsities

We build specialised microsities for critical industries. Each site provides in-depth product data, documentation and expert guidance for the domain it covers.
