

## ACCESSORIES

# Mikalor Supra Super hose clamp

Mikalor Supra heavy-duty breitband clamp - 24-30 mm wide band, high clamping force

Mikalor Supra is a heavy-duty breitband clamp with notably wider band (24-30 mm) than standard worm-drive (typically 9-12 mm). The wide construction distributes clamping force evenly over the hose perimeter and prevents local material deformation - critical in high-pressure installations where standard clamps can damage the hose wall. Typically used in industrial water, fuel and chemical installations.
