

## ACCESSORIES

## TW kobling type MK

TW coupling type MK in stainless steel with female thread - for tank truck installations

The TW (Tankwagen / tank truck) coupling system is developed for high-pressure fluid transport in industrial tank trucks, chemical distribution and fueling installations. Type MK is a female-thread coupling manufactured from stainless steel, consisting of tank truck sealing ring and clamping ring. The construction ensures a leak-free joint withstanding both high working pressures and thermal cycling. Typically used in chemical industry, fuel distribution and industrial liquid transport.

## Technical specifications

<b>Material</b>	Stainless steel
<b>Wall construction</b>	TW MK coupling with tank truck sealing ring and clamping ring
<b>Cut to length</b>	No
<b>Manufacturer SKU</b>	5572

### Standards and compliance

REACH, RoHS

## Dimensions and ordering

The hose is supplied in 1 standard sizes from inner Ø 100.0 mm to 100.0 mm. Each size has its own article number. Standard roll length is typically 10 m, and the hose can be cut to length.

Inner Ø [mm]	Weight [kg/m]	Article no.
100	2.141	5563100100

The table shows the product's standard dimensions. Weight column is per piece.

## Other Particulair microsites

---

We build specialised microsites for critical industries. Each site provides in-depth product data, documentation and expert guidance for the domain it covers.
